

Presentation GBT services ..

***..we are available for outsourced operations .
Italian Client Service Specialist.***

Our SERVICES AND our PRODUCTS STANDARD proposed are here scheduled :

These are all our skills that are focused on the research of commercial and industrial and purposes aimed on sectors defined, with the support of experts with the help of printed publications and data. Shall apply in particular to new projects.

First commercial service (for someone who looking for clients) concerns the research for experts and sales and marketing, agents and representatives, vendors and particular attention to anyone who might be useful in the development of operational saling in Italian industrial areas. The service is 'visible on www.stravendo.com and it is related to the construction of commercial networks. This our proposal could be used by foreign producers turned to the Italian market and start-up who are starting their business in Italy or everyone who .

A second service (encounter between those who invest and buy with who provides goods and manufacture the building constructions in Italy) and it's visibled on www.tutto.mobi and the cross of bid and demand regard all the arguments of the 16 web sites listed here. We therefore propose a showcase of supply requests that require an estimate or a design. In this space we let the potential italian customers to fit their demands and needs. All this service is absolutely free. If a supplier of services or products look for the exposed elements or other similar , could ask to us about the description or could send us a particular request . We also provide to look for all the other service products required, and with tutto.mobi web site and with our agent we shall put you in touch with potential customers.

A third service (for those who invent the future) concerns the search for Italian products and the search for Italian industrial supplies for foreign producers. This research 'in a particularly interesting perspective of European integration between Italian and foreign companies in finding partners aimed at specific projects and sponsored by the EU institutions. As a group UTILI.BIZ have optimal knowledge of the Italian production and research so we can provide up to date and fast (for you). Using the Directory Exp.im looking for partners to set up ventures of imports and exports.

Two other proposals are also complementary to the previous services.

The first concerns the search for commercial agents specialized in the areas specified in the list of visible www.stravendo.com. The second concerns the publication of events such as fairs (www.fiera.ws) shows, always related to the fields defined in the list.
